

Fire Protection System Specialist

**COMPANY
PROFILE**

About Us

PT Adiwarna Anugerah Abadi was established in 2007 in Indonesia and has become a fast growing company with a focus on the fire protection business.

PT Adiwarna Anugerah Abadi put specializing in a complete fire protection solution in Indonesia. We focus on the high hazard fire protection and specialized risk industries such as: Oil & gas plants, data centers, banking, power plants, petrochemicals, and industrial plants.

Vision & Mission

| Vision

To become international preferred fire protection company.

| Mission

Achieve customer satisfaction by delivering high quality products, on time schedule project, proper engineering and excellent services.

A hand is pointing at a hexagonal grid. The word "GOALS" is written in white capital letters inside a blue hexagon. The grid is composed of several hexagons, some of which are dark blue and others are light blue. The background is a gradient of blue and white, with a large blue diagonal band crossing the image.
